CHEMICAL WATCH

CHEMISTRY TODAY

Dear REACH Workshop Delegates:

Welcome to China and to what promises to be an exciting and stimulating event, the International Chemical Regulation REACH Workshop, Asia 2011 in Wyndham Grand Plaza Royale West Lake Hangzhou. Located in Yangtze River Delta region, the business center of China, the City Hangzhou is one of the most prosperous cities in China.

For all the industrial companies worldwide, the challenge comes from a new revolution called green industrial revolution, with the implement of EU REACH regulation, the management for chemicals has come into a new stage. At the same time, countries in Asia-Pacific and Americas also update their legal issues comply with chemical regulations under global standards. We hereby conclude that the most important prerequisite for companies in the international market is to ensure deal with regulation compliance for chemicals.

Hangzhou RUIO Technology Co.,Ltd. founded International Chemical Regulation REACH Workshop (REACHworkshop) in 2009, our mission is to share cutting edge chemical regulation information with companies all over the world, as well as to provide regulation compliance solutions. In 2011, we invite official specialist from European Chemicals Agency (ECHA), and Chemical Registration Center, Ministry of Environmental Protection (CRC-MEP) to address new changes of chemical regulations both in Asia and Europe. Meanwhile specialists from European Chemical Industry Council (CEFIC), U.S. Environmental Protection Agency (EPA), Japanese Overseas Environmental Cooperation Center (OECC), and representatives from top global chemical companies will share their learning and knowledge with you.

The workshop brings together the most senior experts in the chemical industrial area, and you therefore have opportunity to communicate with more than 150 attendees on valuable experience in cocktail reception, break-out session, interactive roundtable and each networking break.

Thank you for my team, speakers and sponsors, we are looking forward to meet you in China!

丁勇
